### ACTION TAKEN REPORT ON FEEDBACK

ACADEMIC YEAR : 2022-2023

The Department of Biochemistry obtained feedback from various stakeholders to monitor and evaluate performance quality of curriculum, infrastructure, syllabus and ambience of the institution. The feedback forms were collected from students, alumni, faculty and employers to improve the process of teaching learning. The feedback was acquired through structured questionnaire. Subsequently, the data was analyzed and a feedback report was prepared to gain insights into the areas where modifications or improvements are needed. On the basis of feedback obtained, following actions were taken to incorporate the improvements suggested by various stakeholders.

S.NO.	SUGGESTIONS	ACTION TAKEN
1.	Majority of the students agreed with the updation of syllabus with relevance to career and latest technologies	Being a constituent college of University of Madras, our institution follows the designated syllabus of the University. During syllabus review and revision, few teachers from our college participate in the process, conveyed the positive feedback for the new syllabus to the respective authorities
2.	Conduct awareness programs on life skills as extension activities	1. Life Skill Development Programme on "Health and Nutrition" was conducted to address the importance of healthy eating habits among students 2. Health and Hygiene Outreach Program on "Hope for Health- Hygiene is Key!" was organized to advise students on personal hygiene as priority for healthy life
3.	Students requested for guidance to pursue higher studies abroad	Guidance program on "Overseas Education for final year students" was organized for the life-science students to encourage them pursue their higher studies in renowned universities
4.	Cultivate environmental awareness among students as part of green campus initiative	Certification Course entitled "ECOLOGY AND ENVIRONMENTAL MANAGEMENT" was scheduled for 6 days to demonstrate the importance and scope of ecology to the students
5.	Provide professional education to the students for career growth	Following actions were taken to create awareness on job opportunities to the students: 1. "Career Guidance on Emerging Opportunities in Indian Pharma Industry" 2. "Strategies to Achieve Career Success - Career Counselling Program" for students 3. "Problem Solving & Conflict Management at Working Environment"

### ACTION TAKEN REPORT ON FEEDBACK

ACADEMIC YEAR : 2022-2023

The Department of Electronics and Communication Science obtained feedback from various stakeholders to monitor and evaluate performance quality of curriculum, infrastructure, syllabus and ambience of the institution. The feedback forms were collected from students, alumni, faculty and employers to improve the process of teaching learning. The feedback was acquired through structured questionnaire. Subsequently, the data was analyzed and a feedback report was prepared to gain insights into the areas where modifications or improvements are needed. On the basis of feedback obtained, following actions were taken to incorporate the improvements suggested by various stakeholders.

S.NO.	SUGGESTIONS	ACTION TAKEN
1.	Enhancement in learning process is desired by the students	Students are encouraged to undergo SWAYAM/NPTEL/ Udemy/ Coursera courses for getting skilled in their domain-specific subjects
2.	Students agreed and happy with the transparency of the internal evaluation system in the college	Institute appreciated the Exam committee and faculties for excellent evaluation system. Following measures were updated to provide better services: <ol style="list-style-type: none"><li>1. Workshops and training sessions for faculties to further enhance the skills and expertise of the Exam Committee and faculties</li><li>2. Ensure that evaluation criteria are clearly communicated to the students at the beginning of each course</li><li>3. Conduct regular evaluation system audits to ensure its effectiveness</li></ol>
3.	Motivate students towards innovative research	Faculties motivate students to present their research work and novel ideas in National seminars and conferences. Also, students are constantly encouraged to apply for research fellowships for their higher education.
4.	Enhancement in computing and ICT skills of students	Computing Skill Training Program on "Artificial Intelligence (AI) in Education" was organized for the students to address their employability skills
5.	Develop essential skills of students for competitive exams	Training program on "Training for Competitive Exam" and "Opportunities in Government Sector and How to prepare for Government exams?" were organized for the students
6.	Members of alumni suggested students were lacking knowledge on handling electronic waste	On account of this, certification course on "ELECTRONIC WASTE MANAGEMENT: ITS ISSUES AND CHALLENGES" was conducted to create awareness on Environmental and health hazards associated with electronics waste
